

## Project Design Phase-I Solution Architecture

Date	21 October 2022
Team ID	PNT2022TMID31677
Project Name	Project - Signs with Smart Connectivity for Better Road Safety
Maximum Marks	4 Marks

### Solution Architecture:

A complex process with numerous sub- processes, solution architecture connects business issueswith technological solutions. the objectives are to

- Find the best technological solution to address current company issues.
- Describe to the project & stakeholders the software's & structure, **distinction**, behaviour, and otherfeatures.
- Define the solution's requirements and concern , development stages, and features.
- Specifications on how the solution is defined, maintained, and delivered should be provided.

### Example - Solution Architecture Diagram:
